This is a satellite meeting of the 2009 National HIV  
Prevention Conference from August 23-26 in Atlanta, GA  
[www.2009nhpc.org](http://www.2009nhpc.org)

This one-day conference will gather researchers, policy-makers, providers, consumers and community representatives to hear the latest news on Pre-Exposure Prophylaxis (PrEP) and discuss what the future of HIV prevention will look like when this revolutionary biomedical intervention is added to the existing menu of HIV prevention options.

Educational webinar, primer and educational package will be provided for registrants prior to the meeting.

CHIPTS Conference Series is supported by  
the National Institute of Mental Health Grant #MH081636.  
Additional support was also provided by The Ford Foundation
